WELCOME TO FOX BROADCASTING

This manual is designed to furnish you with basic information concerning FOX Broadcasting Company's (FOX’s) commercial guidelines and procedures. It represents the company’s current policies relating to Commercial Administration/Special Services and Operations.

While FOX Sales has offices in New York, Chicago, Detroit and Los Angeles, all Sales Administration functions are handled out of the New York office, with all Commercial Administration and Special Services functions based at our FOX Network Center in Los Angeles, California.

FOX Commercial Administration will handle all commercial material (including videotapes, slides, audio copy, and props) as well as commercial integration of all programs. Additionally, FOX Special Services will handle all advertiser requests for sectionals, cut-ins and blackouts.

FOX Sales Administration in New York should be contacted regarding any requests pertaining to schedule changes (e.g., length changes, date changes, position requests or special billing requests).

Any specific questions concerning invoices or billing should be directed to FOX Finance at: (310)369-3052.

Please note that there are no individual program requirements and the requirements as stated in this manual will, until further notice, apply to all FOX programs.

Any additional information not covered in this manual may be obtained by contacting the following FOX office:

Mark Watson
Vice President - Program and Commercial Services
FOX Broadcasting Company
10201 West Pico Boulevard
FNC/101, Room 1765
Los Angeles, CA 90035-0057
Phone: 310-369-9033
FOX BROADCASTING COMMERCIAL REQUIREMENTS

Commercial scheduling and broadcast materials should be received by FOX no later than five (5) working days in advance of scheduled air date. See page five for delivery instructions.

COMMERCIAL SCHEDULING INSTRUCTIONS

One (1) copy of the agency commercial scheduling instructions should be submitted five (5) days in advance of air date. Any form similar to that suggested by the 4A’s is highly recommended. Instructions should be limited to one program only per page. See sample on page 8.

Instructions should be issued on a day/date/unit specific basis. Commercial rotations, date ranges and TFN instructions are unacceptable.

More than one telecast date for a given program series may be included on one schedule, however, please limit to one month per page.

Revised instructions must indicate revision number and, by use of asterisks or description, show all items being revised. Any revisions made within five (5) working days of the scheduled telecast date must be made by phone and confirmed in writing prior to telecast.

FOX will not be responsible for incorrect airing of commercials based purely on verbal instructions. ALL instructions must be confirmed in writing prior to air.

When faxing, please indicate number of pages being faxed. FOX also accepts instructions via e-mail: FOX_CI_FBC@FOX.COM If using this method please make sure instructions are sent as an attachment rather than in the body of an email. The approved formats are PDF, RTF, XLS, XLSX, DOC, DOCX, TIF

Receipt of commercials by FOX, together with shipping invoices or allied papers issued by commercial production houses, is not considered as schedule information and will not be honored as such.

COMMERCIAL SCHEDULING COORDINATORS

Commercial scheduling, regardless of daypart, is handled by a specific coordinator assigned to each advertiser. You may contact George Handy, Director, Commercial Administration, at: (310)369-9019, or george.handy@fox.com, if you are unsure of your coordinator assignment.

COMMERCIAL DELIVERY

Fox prefers commercials to be delivered via electronic delivery (Extreme Reach, Javelin, Comcast, DMDS/Yangaroo). Commercial scheduling instructions should be faxed or emailed separately to FOX's Commercial Administration Department (see page 4).

If delivered by tape (D5/HDCam-SR), two (2) copies of each commercial must be delivered at least five (5) working days in advance of scheduled air date. All commercials must be delivered self-contained, single-cut (no multi-cuts accepted).

The following information must appear on the spine of the box containing the commercial:

- Client Name
- Product
- Ad-ID
- Length
- Title

Please indicate whether the material is Closed Captioned and have a complete, accurate indication of the audio track assignments and audio format. Tapes with 5.1 audio shall indicate the Dial-Norm value on the label.

Slates must match spine labels. Tapes received without proper spine label information will be rejected and returned for correction.

In the case of replacement tapes sent to correct technical problems or captioning, the word “replacement” must be prominently displayed on the label, or it will be assumed that they are duplicate copies of existing commercials and they will be destroyed.

HD Commercial Delivery

Currently Fox Broadcasting will accept HD commercials for all programming.

For our scheduling purposes, all HD commercials must have the exact same Ad-ID as the SD commercial with an added “H” at the end of the Ad-ID and this must also be so specified on the traffic instructions. Please note, the “H” will also appear on your invoices.

All commercials must meet Fox’s technical specifications, which are located at:

GENERAL

We require that all commercials be identified, both physically and in commercial schedules, by the industry standard Ad-ID coding system adopted by the 4A’s. Ad-ID codes are computer generated through a secure, Web-accessible database, located at www.ad-id.org. ID codes are up to 12 digits in length, four alpha and eight alphanumeric characters. Example: ABCD12340000.

When commercials are delivered to FOX’s Commercial Administration Department, agencies should request a receipt showing date and time of arrival.

Commercial and/or product change requests made within less than two (2) working days of the scheduled telecast date MUST be made by phone and immediately confirmed in writing. FOX Commercial Administration has a facsimile machine that can be used for this purpose: (310)369-4887.

Any changes in product or commercial length are subject to the approval of FOX Sales, New York.

Continuity questions for all FOX programs may be directed to George Handy, Director, Commercial Administration, at: 310-369-9019, or george.handy@fox.com.

PRODUCT PROTECTION

FOX will endeavor to maintain a separation between commercial announcements for competitive products and services, generally placing them in separate commercial breaks. It should be noted, however, that product protection for fifteen (15) second commercials may be limited to separation within the same commercial break.

Secondary Products – Advertisers must be able to provide an alternate commercial if their secondary product conflicts with the primary product of another advertiser in a program. Please refer to our Advertiser Guidelines section, page 23 for more information.

As a standard industry practice, our affiliated stations typically endeavor to provide a reasonable degree of competitive product separation between network and local commercials. However, FOX cannot guarantee that such local competitive separation will occur.

Since FOX makes every effort to eliminate or reduce competitive adjacencies, all product changes shall be subject to approval by the FOX Sales Department.

CLOSED CAPTIONING

FOX requires that all commercials that air on FOX be Captioned.

ENCODING COMMERCIALS

FOX does not allow commercials to be digitally encoded for any reason.

PRODUCTION SERVICES

FOX Commercial Administration does not provide production services such as piggybacking, editing, audio or visual tagging of agency-supplied commercial material.
COMMERCIAL RETENTION

All commercial materials that have not been used for ninety (90) days will be purged. Agencies may also request that FOX extend its retention (“hold”) of their commercials if they are likely to be reused in the near future 90 days).

Requests for the destruction, return or hold of commercial material should be addressed to:

Brittany Von Kuhn
FOX Broadcasting Company
10201 West Pico Boulevard
FNC/101, Room W1786
Los Angeles, CA 90035-0057
Phone: (310)369-9021

INTEGRATION / LATE FEES

INTEGRATION FEES

Currently FOX does not charge for commercial integration services.

LATE CHARGES

As noted previously, all commercial instruction schedules and tapes are to be received by FOX’s Commercial Administration Department no later than five (5) working days prior to scheduled broadcast. Any commercials purchased within the week of broadcast are expected to be delivered to FOX within two (2) calendar days of purchase, but in no event later than 2:00 PM Pacific Time, the business day prior to air (i.e., Friday, 2:00 PM Pacific time, for a Saturday/Sunday/Monday air date).

NO commercial changes will be permitted on the actual day of telecast.

SPECIAL SERVICES

All orders for the Special Services described below should be received in writing per the deadlines below utilizing the Special Services Request Form on page 13. Affiliate maps are available through FOX. Completed orders should be sent to:

Maurine Higgins  
Supervisor, Special Services

FOX Broadcasting Company  
10201 West Pico Boulevard  
FNC/101, Room W-1782  
Los Angeles, CA 90035-0057  
Phone: 310-369-9018  
Fax: 310-969-6106

SECTIONALS

Comments:  A Sectional feed occurs when a single advertiser runs separate commercial copy apart from the national copy in various areas of the country. Sectional feed capability varies depending on daypart.

Sectional feeds are generally available in most day parts, but are subject to operational limitations. See pages 11 -12.

Fees: $1,500 Net per each additional commercial copy.

REGIONALS

Comments: Regional feeds occur when two (2) or more different advertisers have purchased a portion of a network commercial. Currently FOX has six (6) defined sections (Affiliate maps available on request).

Regional feeds are available in limited dayparts. Please note that Regional spots CANNOT be sectionalized.

Fees: Determined separately for each region by Sales Department.
CUT-INS

Comments: A cut-in is a request for a local station to substitute a different commercial copy in place of an advertisers national commercial version. Commercial material and instructions should be sent directly to the designated cut-in stations, but must be ordered through FOX Special Services. (Utilizing the Special Services Request Form on page 13)

Cut-ins must be ordered at least five (5) business days prior to air and material must be received by the station at least three (3) business days prior to air.

FOX will furnish commercial positioning and timing information to those stations performing cut-ins. All cut-ins are performed at the ordering agency’s risk. If a local cut-in is not performed or is performed improperly, FOX’s liability will be limited to non-billing of that specific cut-in charge.

FOX affiliated stations are required to submit Affidavits of Performance for cut-ins ordered by the network.

Fees: Determined per market. Contact Maurine Higgins at: (310) 369-9018, or maurine.higgins@fox.com, for rate information.

BLACKOUTS

Comments: A blackout is ordered when an advertiser wishes to delete a market from their buy. FOX will then irrevocably release the unit to the station for local sale or coverage by a promo or public service announcement. Therefore, when a blackout is ordered, an advertiser may not withdraw from the program for any reason.

Blackout orders should be received by FOX seven (7) days prior to scheduled air date. Blackout orders received with less than seven (7) days lead time may result in cut-in fees billable to the agency.

Fees: $300 Net per commercial spot with the following exception:
$400 Net per commercial spot for any order including Anchorage, AK.

RESTRICTIONS: Commercial positioning during live events may face restrictions when cut-ins/blackouts are ordered. No Special Services during the Super Bowl, NFL Double Headers, NFL Pre-Kick, Post Gun, Post Game or overtime units.
Sectional Guidelines

RESTRICTIONS / GUIDELINES for ALL DAYPARTS

• Any individual “Sectional” copy must apply to at least five (5) markets.
• Sectionals covering less than five (5) markets will be treated as “cut-ins.”
• Sectionals are cancelable with one (1) week’s notice or more.
• All non-identical sectional maps must be separated by a local commercial break.
• Sectionals have limited availability per program and are sold on a “first come – first served” basis.
• Sectionals may receive an “A” position, except in cases where cut-ins or blackouts are attached to the unit.
• Sectionals must be ordered, and all sectional materials in-house, no later than 5 days before the scheduled air date.
• There may be days when operational contingencies will limit or preclude sectional activity. Availability will be confirmed when orders are received. These days include but are not limited to NFL Doubleheaders and the Super Bowl.

PRIME TIME

Normally FOX can accommodate a maximum of two (2) sectional units per half-hour show, three (3) units per hour show, and four (4) units per two-hour show.

Please contact: Maurine Higgins, FOX Special Services at: (310)369-9018 or maurine.higgins@fox.com, to confirm specific sectional capabilities.

We will not be offering Regionals or Sectionals during Primetime on Sundays during the NFL season and may restrict copy splits on other dates when necessary operationally.
SPORTS
NFL REGIONALS / SECTIONALS

PRE-GAMES:

In a 30-minute Pre-game: FOX can normally accommodate up to a 5-way split (five pieces of commercial copy), one time, which must run in breaks 1 – 3.

In a 60-minute Pre-game: FOX can normally accommodate up to a 5-way split, one time, in Breaks 1 or 2.

NFL GAMES:

Due to our extensive NFL game schedule and varied operational scenarios, there may be dates during the season where no sectional opportunities are available, such as doubleheader dates and the Super Bowl. NFL sectional availability will be reviewed on a case-by-case basis for each game date.

Generally, FOX can accommodate three (3) unique Sectional maps with a maximum 2-way split (two pieces commercial copy total) in games, with one (1) in each of the first three quarters.

Please contact FOX Special Services at: (310)369-9018 (or maurine.higgins@fox.com) for specific sectional capabilities and restrictions.

PRE-KICK, POST GUN, POST GAME OR OVERTIME UNITS:

There will be no Regionals or Sectionals in the Pre-Kick, Post Gun, and Post Game Show or for Overtime Units.

MLB, NASCAR AND ALL OTHER SPORTING EVENTS

Call FOX Special Services at: (310)369-9018, for current sectional capabilities.

BILLBOARDS FOR LIVE OR PRE-RECORDED PROGRAMS

Billboard copy may only describe or identify the product or advertiser. It should be delivered in a five (5) second version and must allow time for program mention (e.g., “The Simpsons” is sponsored by…”). Slogans are acceptable; sell copy is unacceptable. Billboards must represent products advertised within that program. Billboards for motion pictures for theatrical release or the home video market must include a visual or audio movie rating.

FOX Sales has the final right of approval on billboard copy and/or acceptance of billboards for certain subject matter. Additionally, FOX may edit billboard copy if it cannot be reasonably announced in the time allotted.

All billboards will be voiced by a FOX announcer. Agencies will be billed recording session fees when applicable (e.g., late changes).

Billboard files and audio copy numbers must be different to allow copy changes. Files should be identified in accordance with the identification on the agency commercial instructions. In the absence of such identification, it is impossible for us to determine the correct graphic to be aired. This is particularly true in those cases when advertisers have many graphics for the same product.

Billboard material that does not air within ninety (90) days from date of receipt or previous air-date (whichever is later) may be automatically removed from inventory and destroyed by FOX.

PRIME / LATE NIGHT / NEWS – Billboard Guidelines

Agencies should deliver material at least five (5) working days prior to telecast. All billboards should be static unless previously approved by FOX Sales.

Basic Billboard Requirements:
1. 640x460 Please do not go any smaller.
2. EPS, JPEG files are the required graphic format.

Animated Billboard requirements:
1. Tape should have a slate identifying the advertiser, Ad-Id and length.
2. The animated billboard should run no longer than :05. This duration also applies to the audio script
3. Leave pad at the end of the billboard for approximately :05 so we can effect off.
4. There should be no voiceover - sound effects are fine.
5. Needs to be delivered with a fill & matte.
6. Format 16 x 9 or 4 x 3 standard definition
7. Billboards cannot be full screen. Material should fill between 1/2 & 2/3 of the screen.
8. Please send 2 Digi-beta copies of the billboard

Please note: Thin lines will buzz and jitter on the television and should be avoided. Dark backgrounds always work better than light ones thus black is the best background color and white is the worst. Please avoid using saturated colors, it may look bright and beautiful on a monitor but often doesn’t look good on television. As a guide try to stay around 70% saturation for colors and do not have text run up to the edge of an ad unless it can be cut off. Do not use small type as it will be unreadable.
SPORTS

With regard to billboards for FOX Sports, please note that Macintosh files will be accepted, including Illustrator, Photoshop or Freehand. Adobe Illustrator (.ai) is preferred. If Photoshop files are all that are available, it is imperative that we have a “.tif” file with an Alpha channel. The higher the resolution, the better.

As a secondary option, billboards may be submitted as black and white stats (camera-ready art) or in high quality black and white printed format no smaller than 4”x 5.” Color call-outs should be attached and clearly indicate PMS numbers and color block-in reference. Also, 35mm slides are still acceptable.

FOX HD Animated Billboard Requirements (720p)

1. Tapes must be clearly labeled with Advertiser, Product name, Length and Ad-ID. Lack of this information on the slate and spine may cause delays.

2. Videotape delivery shall be 2 copies on HD-D5 1280X720 progressive (720p) full frame center extractable.

3. The animated billboard must include a fill & matte

4. The animation should run a full 5 seconds and include another 2.5 seconds of freeze frame at the end of the animation

5. There should be no voiceover or music - sound effects are fine

We also accept animated billboards through our electronic delivery systems. (See page 5)

All billboard materials should be sent to:

FBC ADVERTISER GUIDELINES
INTRODUCTION

Fox Broadcasting Company (FBC) sells commercial announcement time for the advertising of goods and services and for institutional advertising.

Advertising is an important element of the information presented to broadcast audiences. FBC recognizes that advertising must be truthful, appropriate and meet all Federal Communications Commission (FCC), Federal Trade Commission (FTC) and legal requirements. Further, advertisers warrant that all commercials submitted to FBC for review and approval are in adherence with any and all applicable regulatory requirements. To that end, these guidelines relating to the acceptability of advertising on FBC have been compiled.

It should be emphasized that the guidelines which follow are intended to provide guidance. They are neither all-inclusive nor exhaustive, and in some instances may be more restrictive than the federal guidelines. Moreover, it is recognized that these guidelines will change over time as the broadcast media, and the society which they serve, continue to evolve. Given that these guidelines are general in nature and may change without notice, they are not intended as a substitute for continuing dialogue with FBC Broadcast Standards personnel. Accordingly, FBC cannot be responsible for production decisions made or other actions taken in reliance solely on the content of particular guidelines herein. As in the past, the acceptability of a commercial announcement depends on an individual examination of the particular commercial. The rights and obligations of FBC and the advertiser are reflected in their agreement governing the purchase of time for the broadcast of commercial announcements.

COMMERCIAL CLEARANCE SUBMISSION POLICY

Fox Broadcasting Company (FBC) policy mandates that every commercial airing on FBC must be evaluated and approved in advance by the FBC Broadcast Standards Department.

All advertisers and/or their agencies are required to submit commercials to the FBC Broadcast Standards Department for evaluation and approval in accordance with the following:

(a) All commercials must be submitted for review. Submissions may be forwarded via VHS, DVD, MediaVu, as electronic files, or through links. Although broadcast approval is contingent upon review of a final slated version of the commercial, FBC Broadcast Standards strongly recommends the advance submission of all relevant materials including scripts, storyboards and rough cuts. Solely when requested, all material claims must be substantiated with supporting documentation and forwarded to FBC Broadcast Standards for review.

(b) Submission of final versions must be received by FBC Broadcast Standards for review no later than three (3) business days prior to the scheduled broadcast of the commercial. FBC cannot guarantee the approval of any spot submitted less than 24 hours prior to the scheduled air date.

(c) All submissions must be accompanied by a cover letter containing all pertinent information about the spots (i.e. AD-ID codes, titles, and lengths of all spots) as well as contact information for the agency or client (i.e. contact name, fax number, etc.).

Approval for broadcast will not be given until the final slated version of each commercial has been submitted for review in accordance with this provision and approved in writing by FBC Broadcast Standards.

INFOMERCIALS must be submitted to the FBC Broadcast Standards Department for evaluation and approval in accordance with the following:

(a) All INFOMERCIALS must be submitted for review. Submissions may be forwarded via VHS or DVD. FINAL SUBMISSIONS MUST BE SLATED WITH AN AD-ID CODE WHICH EXACTLY CORRESPONDS WITH THE ON-AIR MASTER.
(b) Submission of final versions must be received by FBC Broadcast Standards for review no later than ten (10) business days prior to the scheduled broadcast of the Infomercial.

(c) Solely when requested, all material claims must be substantiated with supporting documentation and forwarded to FBC Broadcast Standards for review.

FBC Broadcast Standards reserves the right, at any time, to withdraw approval of a commercial spot.

CONTACT INFORMATION

Any questions or comments regarding the content of this manual may be addressed to the Vice President of Broadcast Standards. Questions regarding the clearance status of commercials, script and/or storyboards should be addressed to the Assistant in the New York office:
